

	QMS ISO 9001:2015 & ISO 13485:2016	Code:	QM_ANNEX C
		Description:	Quality Policy
		Edition:	12
		Effective date:	27/10/2023

Quality Policy

Policy of "Prognosis Biotech S.A." and each of its executives, is to comply with the relevant legislative and regulatory requirements regarding its products and to provide them to its customers to fully cover their requirements.

The quality policy is achieved through the goals set and monitored by the company such as:

- Commitment of the management to comply with the regulatory requirements regarding the products that manufactures
- Implementation of a Quality Management System and application of the appropriate actions to continuously improve its effectiveness.
- Providing capable products to meet customer requirements in accordance with the procedures defined in the Quality Management System that is implemented.
- Review and continuous improvement of the Quality Management System procedures in order to produce high quality products, so that to meet the demands of its customers to the maximum extent possible.
- Maintaining and improving the working environment so that it is friendly to every employee, giving each one the freedom of expression and active participation in the Quality Management System that is implemented
- Provision of all of the necessary resources for the smooth, efficient and effective operation of the Quality Management System.

In order to achieve the above objectives, the company implements a Quality Management System in accordance with the requirements of the international standards ISO9001:2015 and ISO13485:2016 with scope as follows:

"DEVELOPMENT, MANUFACTURING AND MARKETING OF DIAGNOSTIC AND LABORATORY PRODUCTS FOR FOOD ANALYSIS" (ISO 9001:2015)

&

DESIGN, PRODUCTION OF IMMUNOCHEMICAL IN VITRO DIAGNOSTICS & DISTRIBUTION OF IVD MEDICAL PRODUCTS. (ISO 13485:2016)

The Management is committed to providing all the required means and resources to achieve the goals it has set for the appropriate training of its employees, the improvement and continuous flow of expertise and continuous coverage of the necessary needs that arise.
