AFLATOXIN M1

SYMMETRIC AFLATOXIN M1

QUANTITATIVE RAPID TEST FOR THE DETECTION OF AFLATOXIN M1 IN MILK

- Revolutionary Symmetric Technology
- For cow, goat, sheep and UHT milk
- Accurate, CV <8%
- Range of Quantification: 8-150 ppt Aflatoxin M1
- Fast & Automated process
- State-of-the-art software - easily shared results

Validation of LF Symmetric M1
& Elisa Bio-Shield M1 ES
